## *From the Desk of Director General*

Last quarter of year 2014 kept us busy in responding to various calamities notably Cyclone Hudhud in the coastal parts of Andhra Pradesh and Odisha where 42 Urban Search and Rescue teams of NDRF with boats and other disaster response equipment were deployed to provide immediate relief . The accurate information provided by IMD and well coordinated efforts of Central and State agencies helped us in timely evacuation of more than 14,000 affected people from the coastal parts to safer places prior to cyclone landfall.

Besides, just after responding to Hudhud, we had to face challenges in the form of cyclonic storm Nilofar in coastal parts of Gujarat and Rajasthan. NDRF rescuers launched evacuation operations with the local administration and evacuated more than 1400 persons and provided medical aid to needy people in the affected areas. The efforts of NDRF in these operations were widely appreciated by all concern.

The 10th Raising day of NDRF was celebrated with great enthusiasm at Delhi on 21st January, 2015. The function was inaugurated by Sh. Rajnath Singh, Hon'ble Union Home Minister of India. On this occasion, 07 NDRF personnel were awarded with Presidents Police Medal for Distinguished/ Meritorious service. To generate awareness among masses, a live demonstration on simulated earthquake scenarios was organized by NDRF at Pragati Maidan, New Delhi in presence of Sh. Kiren Rijiju, Hon'ble Minister of State (Home), dignitaries, school children, CAPF personnel and media.

During this period, NDRF engaged itself in capacity building initiatives in a big way to create general awareness and imparted training to the community disaster responders in the state of Rajasthan, Gujarat, Mizoam, Tripura, West Bengal, Jammu Kashmir, Punjab, Kerala, Odisha, Maharashtra, Andhra Pradesh, Uttar Pradesh to make the society more resilient towards disasters.

On the occasion of Republic Day 2015, 09 martyrs of NDRF who made supreme sacrifice of their life in the line of duty during Uttarakhand disaster in June 2013 were awarded with Police Medal for Gallantry (Posthumously).

In order to enhance our capabilities and generate public awareness among various stakeholders we are continuously conducting mock exercise and in this sequence, NDRF conducted demonstration on train accident, flood rescue, CSSR operations and CBRN response in different locations and during IITF 2014 at Pragati Maidan, New Delhi.

In addition to above, NDRF also supported respective State Administration in facilitating the smooth conduct of religious functions of mass congregations such as Sabrimala festival, Kartik Poornima festival, Chhat Puja and saved precious lives of many devotees.

I take this opportunity to convey my best wishes to all members of NDRF on the occasion of New Year 2015 and hope Force personnel will continue to strive to come up to public expectations in the service of humanity.

Jai Hind!

## NDRF Response During Cyclonic Storm "Hudhud"

In the morning of 6th Oct, 2014, Hudhud developed from a low pressure area which lay over the north Andaman sea and further intensified into a very severe cyclonic storm in the afternoon of 10th October and continued to intensify while moving north-westwards and reached maximum intensity in the early morning of 12th Oct with a wind speed of 170-180 kmph over the Bay of Bengal of Andhra Pradesh Coast. After landfall, it continued to move north-westwards for some time and weakened into a depression in the evening of 13th Oct. It caused heavy rainfall over North Andhra Pradesh and South Odisha and strong wind leading to the large scale structural damage over North Andhra Pradesh and adjoining district of South Odisha. NDRF as a part of proactive measures deployed 42 search & rescue teams in coastal parts of Andhra Pradesh and Odisha. The teams of NDRF did commendable job by rescuing more than 14,000 persons from various cyclone affected parts of Andhra Pradesh and Odisha. Cleared approx. 1175 Km road by removing uprooted trees and electric pole and distributed 50 quintals of relief materials to the affected people. NDRF teams also established medical camp to provide medical attention for victims in which 270 patients were attended. In Odisha, teams rescued more than1400 flood/cyclone affected persons, cleared 218 Km road and distributed 07 quintals of relief materials to the affected people.
